Michael (Mike) Angelakos, DrPH, MBA

Dr. Mike Angelakos is Chief Information Officer at Geisinger Health. Mike's professional career spans nearly 30 years, including 25 years focused on health care IT. This includes 8 years with the University of Miami, Miller School of Medicine and Jackson Health System. Most recently, Mike spent 17 years at Trinity Health, a 92-hospital national health system, where he held the roles of CTO, vice president, service optimization, vice president, technology operations and regional CIO.

Mike leads the strategic planning of Geisinger's enterprise information technology. He identifies opportunities to modernize the architecture and drive program development that align to Geisinger's overall strategic goals. Mike also has oversight of Geisinger's cloud migration strategy, IT governance and operations.

Mike earned his doctor of public health from Johns Hopkins University. He holds a master of business administration from Columbia University in New York and a bachelor of science in information technology from Barry University in Miami.
