

Cindy Yeager

Cindy serves as the Care Gaps and Quality Data Manager for Keystone ACO, leading projects that drive improvement in quality and efficiency. Possessing more than 20 years' experience in the post-acute arena, Cindy played an active role in the implementation of the SNF 3-day waiver program for Keystone ACO. Cindy is a member of the National Association of Healthcare Quality and National Association of ACOs, where she served as a contributor for the NAACOS Quality Reporting Resource guide. Cindy is currently part of a workgroup that will transition the ACO from manual quality reporting to electronic clinical quality reporting.
